

# CNC DRILLING MILLING MACHINE

IMT-HT-CNC780

1. This Machine is mainly suitable for drilling & milling of aluminium door and window profiles. Especially in home decoration / system doors and windows, smart home and other fields.
2. The holes on three surfaces are processed at one time to ensure the accuracy of hole position.
3. Unique user-friendly operation interface, easy to operate, without professional programming, you can start operate.

MODEL	IMT-HT-CNC780
Spindle Power	3.5 kW
Working Voltage	400V / 50Hz
Spindle Speed	12000 r/min
Working air pressure	0.5 ~ 0.6 Mpa
Range of Travel X Axis	600mm
Range of Travel Y Axis	333mm
Range of Travel Z Axis	270mm
Machine Dimension	1225*1530*1590mm
Machine Weight	280Kg
